

Magnum 4D Jackpot Gold Game Guide

Reach your dreams with Magnum 4D Jackpot Gold

HOW TO PLAY

Magnum 4D Jackpot Gold lets you play with more numbers.
Stand a chance to win a jackpot prize!

Pick a set of any
6 numbers

Pick a 2-digit golden number
from 00 to 19.

Minimum buy is RM2.

*You can win millions when your 6-digit number and 2-digit golden number
match the drawn result.*

GAME METHODS

Win the game, your way. There are 5 different ways to play.

Straight Play

Pick any 6-digit number, and 2-digit golden number from 00 to 19.

	Example lucky numbers	6-digit number	2-digit Golden number
	Your birth date (eg. 22 Mar 1978) + Your son's age (eg. 14)	220378	+14
	Your wedding date (eg. 31 Oct 2003) + Years you've been married (eg. 17)	311003	+17

Roll Play

You can choose to “roll” any digit in your 6-digit number. This will generate 10 different numbers. You’ll now have 10 buys, so the minimum total buy is RM20.

Example	6-digit number
Roll 1 st digit of 121888	021888, 121888, 221888, 321888, 421888, 521888, 621888, 721888, 821888, 921888
Roll 4 th digit of 190872	190072, 190172, 190272, 190372, 190472, 190572, 190672, 190772, 190872, 190972

Lucky Pick

No special numbers in mind?
Let our system generate a lucky number for you!

Permutation Play

Boost your chances of winning by covering all permutations for your 6-digit number.
We will generate all possible digit combinations, in all their different orders.

Your 6-digit number	Example	Number of permutations	Minimum buy RM2
6 unique digits	123456	720	RM1,440
5 unique digits	123455	360	RM720
4 unique digits (two digits appearing twice)	123355	180	RM360
4 unique digits (one digit appearing three times)	123555	120	RM240
3 unique digits (each digit appearing twice)	112233	90	RM180
3 unique digits (one digit appearing twice, and one digit appearing three times)	133355	60	RM120
3 unique digits (one digit appearing four times)	123333	30	RM60
2 unique digits (each digit appearing three times)	111333	20	RM40
2 unique digits (one digit appearing twice, and one digit appearing four times)	111133	15	RM30
2 unique digits (one digit appearing five times)	111113	6	RM12

Check If You've Won

See the winning numbers on our website or on the Magnum4D mobile app.

PRIZES

There are 7 ways to win, all based on how your 6-digit and 2-digit golden numbers match the numbers we draw. We'll use this draw result as an example:

6-DIGIT NUMBER
576723

2-DIGIT
GOLDEN NUMBER
12

Prize Category	6-digit number	2-digit GOLDEN number	Example	What you will win for every RM2 Buy
1	Exact match	Exact match	576723+12	Jackpot 1 Prize*: RM2 million***+ Jackpot 1 Snowball***

Prize Rules

*If there is more than one winner for the Jackpot 1 Prize or Jackpot 2 Prize, the prize will be divided among all winners in proportion to their respective buy amounts. One buy of RM2 entitles you to one fractional share of the Jackpot 1 Prize or Jackpot 2 Prize.

**RM2 million is the minimum guaranteed prize amount for the Jackpot 1 Prize.

***Jackpot 1 Snowball is the sum equivalent to 19.80% of the total gross sales of all draws minus any partial win amounts from when Jackpot 1 was last fully won.

****Jackpot 2 Snowball is the sum equivalent to 7.0125% of the total gross sales of all draws minus any partial win amounts from when Jackpot 2 was last fully won.

^The prize cap is RM10 million. If the total payout exceeds this in a single draw, then RM10 million will be divided among all winners in direct proportion to their respective buy amounts. One buy of RM2 entitles you to one fractional share of the RM10 million.

^^The prize cap is RM5 million. If the total payout exceeds this in a single draw, then RM5 million will be divided among all winners in direct proportion to their respective buy amounts. One buy of RM2 entitles you to one fractional share of RM5 million.
